

INNOGREEN SMART GREEN WALL

InnoGreen Environmental Limited is a key pioneer of Hong Kong's environmental protection industry. Founded in 2011, the company designs, produces, supplies and installs environmentally friendly products – namely, innovative greenery systems that are both forward-thinking and visually striking.

Combining technology and nature, the company's Green Wall provides fresh air in a tranquil atmosphere and is simple to maintain when equipped with an auto-irrigation system. Their Smart Green Wall utilises state of the art technology to clear out pollutants within its air purifying system.

Climber Green makes use of climbing plants to present a treasure chest of greening variations, while the company's lightweight, heat-insulating Green Roof proves itself an excellent solution for metropolitan areas. Moss Green is a maintenance-free indoor greening solution that is noise-absorbing and fire retardant, though still presents a natural texture. The company also offers Artificial Green, a zero-maintenance and economical alternative that is lightweight and colourful.

创新绿色绿化墙

绿色环保建设有限公司是香港环保产业的先驱，该公司成立于 2011 年，由设计、生产、供应和安装产品，提供具有前瞻性和视觉效果的创新绿化概念。

该公司的 Green Wall（绿化外墙）系列，将绿化技术与自然融为一体，在不同的环境中提供清新的空气，并配备自动灌溉系统令其易于保养。Smart Green Wall 则利用最先进的技术，将空气污染物输入植物根部，利用植物作天然分解，净化空气也能持续发展。

另外，Climber Green 则利用攀藤植物达至轻便的绿化效果，而 Green Roof（天台绿化）则为拥挤的城市提供轻巧又能降温的绿化方案。Moss Green 是一种免保养的产品，具有自然质感，同时吸音和阻燃。该公司还提供仿真植物，是一种零保养且经济的选择。
